

# Cancer – Prevent, Educate, and Support

April is Daffodil Month. The daffodil is a sunny symbol that serves as a meaningful reminder for us to come together and look ahead to brighter days. The daffodil survives the harsh winter and every spring these resilient flowers are there ready to bloom. This symbolizes rebirth and new beginnings. To those affected by cancer, the daffodil represents hope.

Every spring, the Daffodil Campaign rallies to make a difference, support, and remember those affected by cancer. With nearly **1 in 2** people diagnosed in their lifetime, almost all of us are impacted in some way. Studies show that about **4 in 10** cancer cases can be prevented through healthy living and that you can reduce your risk by making simple changes.

This month's theme will provide you with resources on prevention and screening along with resources for those who are living with cancer or have been affected by it.

We encourage you to check out It's My Life! an interactive, evidence-based tool. It teaches you how 16 factors affect your risk of getting cancer and how you can reduce your risk by making simple changes.
