

Virtual Roundtable Recording

Running Into The COVID Battle: Strategies for our Medical Heroes

OVERVIEW:

Medical first responders are the true heroes fighting the COVID-19 battle. A grateful world is in awe of your commitment and passion to serving patients in the face of great personal sacrifice. This session will explore the emotional challenges you face daily to help patients recover. Our experienced mental health professionals will share their trauma recovery experience with practical strategies designed to manage your feelings, fears and anxiety as you go about your work.
